Region-9 States	Alaska, Idaho, Montana, Oregon and Washington
Region-10 States	Kentucky, North Carolina, Tennessee, Virginia and West Virginia

NARFE Florida has more than 7,000 members throughout **Florida** who enjoy and find benefits from being a member. Members find the NARFE mission easy to follow and support. The NARFE mission simply states (paraphrased) “members will support legislation, rules and regulations beneficial to current and potential federal civilian annuitants; promote the general welfare of current and potential federal civilian annuitants; and cooperate with other organizations and associations in furtherance of these purposes.”

Membership includes chapter members and national only members. All members receive our national publication, which is the NARFE magazine published ten times per year. All Florida members have access to this website at <https://www.flnarfe.com>. While the NARFE magazine focuses on issues pertaining to all members, our website shares local events, activities, issues and goals in Florida. Chapter newsletters are shared and our own

Newsline is published six times a year. Newsline should be read carefully as there are always hidden tidbits of wisdom and encouragement in addition to reporting on current happenings. Members are never without a resource for information locally or nationally.

Members become friends through shared interests as many have worked for the same agencies. While nostalgic notes are often compared, Chapter meetings and other events such as district and statewide meetings, become places where members socialize in addition to engaging in legislative goals that enhance the retirement experience. Likewise, members continue to learn ways in which younger potential members can be recruited, thereby preserving the mission and legacy of NARFE.

This is just a small glimpse of what NARFE Florida has to offer. Our officers serve as a guide and resource for any area of this website and to NARFE. We welcome all questions and comments, and we welcome you to NARFE Florida, Incorporated.

See What Members Are Saying!
Marilyn Hollowood

What does NARFE mean to me? I have great respect and prize the organization as a 'treasured insurance' that places my future in its hands. I have been a member for over 20 years and realize the value of the programs, projects and endurance the organization has provided to protect the benefits I have worked for over my 35-year career. Many active and retired federal employees think we are 'guaranteed' the things we presently enjoy, but things are fragile and can change in a heartbeat! Without the diligence of our NARFE LEADERS along with interested and motivated members, things can 'slip away' before we realize it. Along with benefits and services provided, it allows a social situation that quite often we desire in our senior years.

During Covid 19, we paused our monthly meetings until we initiated Telecom meetings, then added the monthly 'in house' meetings again. As president during this time, I feel this has been successful in keeping our Chapter alive and well, motivated to continue in the future. Many members indicate "they are not meeting people", or 'I don't have time or like meetings', but we need team SUPPORT and that's what a **NARFE MEMBERSHIP** does for all of us!

If you are a Working or Retired Federal Employee - - Won't you join us now?
